

Call for Paper UBMK-2024

9th International Conference on Computer Science and Engineering 26 - 28 October 2024 Akdeniz University - Antalya - Türkiye

UBMK-2024 provides a forum for researchers, practitioners and educators to present and discuss the most recent researches, innovations, trends, experiences, and concerns in the field of computer science, computer/software/information systems/information security engineering and computational methods.

In parallel with the regular scientific presentations, Heads of Departments of Computer Engineering Council (and other related departments) will meet to discuss the quality issues and problems in the computing field specifically the computing curricula in Turkish Universities as part of the 38th Convention of the Assembly.

Every paper is reviewed by at least two reviewers. Upon completion of the reviews, authors can see the reports of reviewer. The next step is to check the paper for plagiarism. All accepted papers will appear in the conference program and in proceedings of the conference. **Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements. Conference ID: 63289**

Conference organized by Heads of Computer Engineering Council (BMBB) with the cooperation of Academic Informatics Foundation (ABV). **Special discount and support are provided for students, ABV and IEEE members.**

The aim of conference

To gather computer engineers, computer scientists, software engineers, AI, information engineers, computer security engineers, academics and researchers as well. Promote new ideas and applications. Develop cooperation between industry and academia.

The theme of conference

The main theme of the conference is **Generative Artificial Intelligence**. However, applicants are encouraged to submit their original research works in all fields of computing and computational sciences. The sub-themes of the conference are:

- Algorithms and Algorithmic Designs
- Artificial Intelligence and Applications
- Big Data Analytics
- Cloud Computing, Applications and Security
- Computer Architectures
- Computer Networks and Applications
- Databases Technologies, Applications, and Security
- Data Science
- Data Structures
- Information and Computer Security
- Information Theory
- IoT
- IT in Disaster Management
- Metaverse
- Mobile Computing
- Operating Systems and Applications
- Programming Languages
- Software Engineering
- Web and Data Mining
- Web Technologies and Applications

Important Dates

- Paper submission deadline : **12 August 2024**
- Notification to authors date : 30 August 2024
- Last day of camera-ready submission 5 September 2024
- Last day of paper acceptance letter : 15 September 2024
- Deadline for early registration : 25 September 2024
- Announcement of detailed conference program : 1 October 2024
- Conference days : 26-27-28 October 2024
- Conference gala dinner : 27 October 2024
- Post conference tours : 29-30 October 2024

Regular and Late Registration Fees (USD)

- Regular attendees : 420, (500 after Sept, 25)
- Students : 200, (240 after Sept, 25)
- IEEE, ABV, TBD, BMO and EMO Members : 300, (360 after Sept. 25)

Limited support will be available for student participants
