

# Call for Paper IEEE-UBMK-2026

## 11th International Conference on Computer Science and Engineering

16 - 18 September 2026 Istanbul Beykent University - Istanbul - Türkiye

UBMK-2026 provides a forum for researchers, practitioners and educators to present and discuss the most recent research, innovations, trends, experiences, and concerns in computer science, computer/software/information systems/information security engineering and computational methods.

In parallel with the regular scientific presentations, the Board of Computing Related Department Heads Council will meet to discuss the quality issues and problems in the computing field, specifically the computing curricula in Turkish Universities, as part of the 40th Convention of the Assembly.

At least two reviewers review every paper. Upon completion of the reviews, authors can see the reviewer's reports. The next step is to check the paper for plagiarism. All accepted papers will appear in the conference program and the conference proceedings. **Accepted papers will be submitted for inclusion in IEEE Xplore and will be subject to meeting IEEE Xplore's scope and quality requirements.**

The Heads of the Computer Engineering Council (BMBB) organised the conference with the Academic Informatics Foundation's (ABV) cooperation. **Special discounts and support are available for students, ABV, TBD, BMO and IEEE members.**

### The Aim of Conference

To gather computer engineers, computer scientists, software engineers, AI, information engineers, computer security engineers, academics, and researchers to promote new ideas, discuss research proposals, and develop cooperation between industry and academia.

### The Theme of Conference

The main theme of the conference is **The Artificial Intelligence, Ethics and Law Triangle**. However, applicants are encouraged to submit their original research works in all fields of computing and computational sciences. The sub-themes of the conference are:

- AI, Generative AI, XAI, Responsible AI
- AI Law and Ethics
- Big Data and Analytics
- Biomedical and Health Information
- Blockchain
- Cloud and Distributed Computing
- Computer and Data Security
- Computer Network
- Computer Vision and Pattern Recognition
- Cryptology, Security and Privacy
- Data Mining
- Data Sciences
- Embedded Systems
- Game
- Human-Computer Interaction
- Information Retrieval
- IoT
- LLMs, LMM, transformers
- Machine and Deep Learning
- Natural Language Processing
- Quantum Computing
- Real Word Application
- Question and Answering Systems
- Robotics and Automation
- Signal Processing
- Software Engineering

### Important Dates

Paper submission deadline : **30 June 2026**  
Start sending suggestions to authors for correction: 14 July 2026  
Last day of camera-ready submission: 11 August 2026  
Viewing the status of papers on system: 25 August 2026  
The last day for the payment for accepted papers  
Deadline for early registration : 25 August 2026  
Announcement of the detailed conference program: 1 Sep.2026  
Conference days : 16-17-18 September 2026  
Conference gala dinner : 17 September 2026  
Post conference tours : 19-20 September 2026

### Regular and Late Registration Fees (USD)

	25.08.2026		
	before	after	
Regular attendees	450	500	USD
Students	250	280	USD
ABV,TBD,BMO,IEEE members	350	400	USD

**Limited support will be available to student participants who has paper**
